Insurance Approved Restoration Contractors

ONE CALL - ONE CONTRACTOR - ONE CONTINUOUS SERVICE . . . for your future peace of mind!

With over fourteen years of experience in drying and restoration, Neways provide a continuous professional service, expertly dealing with the potential complexities of any restoration project.

Insurers and Loss Adjusters are aware, that once **ONE CALL** has been made, Neways will take care of everything - from surveying, reporting and certification to complete restoration of the property. Keeping all parties informed of progress and completion dates at all times.

- ▶ Drying services
- ▶ Fire & smoke damage restoration
- ▶ Commercial cleaning service
- ▶ Removals & storage
- ▶ Accidental damage & contents restoration
- ▶ Leak detection service
- ▶ PAT testing

Flood & Construction Drying

Following a fire, flood or water escapement incident, Neways water damage restoration systems can reduce the claim cycle by many months. We provide a complete damage restoration service.

Once on site a Neways Surveyor will devise a disaster management plan and immediately instruct the relevant tradesmen to carry out the initial damage limitation work.

Containment & Cleanup

To minimise damage to property and contents, pumping out of water/sewage and sanitisation begins as soon as possible. A thorough clean up will follow to remove any unrecoverable items prior to drying and restoration.

Drying & Restoration

Neways install industrial dehumidifiers and air movers to limit damage caused by damp and humidity. Working with insurance companies throughout the process on a schedule of restoration, enabling re-occupation of each property with minimum delays.

Our aim is to provide a thorough, professional, cost effective service at a time when needed most.

Commercial Cleaning Service

Neways provide tailored solutions to commercial cleaning, as a one-off or on a contract basis.
